ABOUT THE CLINIC

Receive a one-of-a-kind experience and live the Barcelona spirit. The Clinic will bring our players to experience training with FC Barcelona, RCD Espanyol, and Girona FC in Spain, where soccer is part of its culture.

DATES OF TRIP

April 27th to May 4th, 2024

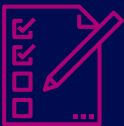

LOCATION

Barcelona, Spain

AGE OF PLAYERS

All-boys program and all-girls program from 2009 to 2016.

TRAVELLING REQUIREMENTS

Players must travel and stay at the hotel with at least one adult who will be responsible for them during all the experience.

ACCOMMODATION

4 star hotel in Barcelona area.

IMPORTANT NOTE

This experience will have an all-boys and an all-girls program running simultaneously. If you wish to register players in each program, please contact us directly.

All reservations for extra nights have limited availability.

FAQ

1. Can I have the hotel information?

As final details are being set, hotel information will be sent to participants and families a few weeks before the event via email. All accommodations used during our Barcelona Experience Clinic are 4-star Quality.

2. Can I have a quadruple room?

Family room standards in Europe are quite different from those in USA and Canada. Family rooms are usually standard double rooms (one double bed) with an additional double pull-out bed. These rooms are only permitted for a maximum of 2 adults and 2 children. Due to the size, we highly recommend only booking double rooms.

3. Can I add guests to my reservation?

Of course! Email us informing us of the new additions you want to make to your group, and will guide you through adding the new guest's information on your online registration portal.

4. Can I arrange my own accommodation?

Due to logistics, team building, and insurance purposes, we require all players to stay at the same hotel. Supporters outside the groups registered through Kaptiva Sports will not be allowed at any training or extra activities.

5. Do players stay with the team or their parents?

All players will be assigned a team leader who will inform your child and you of the day's schedule and important day-to-day information required. Team leaders are responsible for your children during training and team activities. During free time, most meal times, and the city tour, all players are under their relative's supervision unless. Please also remember players must sleep with an adult in their room.

6. How do I register a boy and a girl?

This experience will have an all-boys and an all-girls program running simultaneously. Contact us directly so we may help you register accordingly.

8. Do you assist in booking flights?

No, due to everyone's different departing cities and requirements flights are not included nor booked through Kaptiva Sports.

7. What does an all-girls program mean?

A big goal of Kaptiva Sports is helping promote girls in youth soccer. With this new program, we will give girls their own space and program to provide a more personalized environment for them.

9. How will the payment work? Can I pay all at once?

Upon registration, a deposit payment will be required as a reservation of your trip (this payment is non-refundable). Afterward, you will receive email reminders on partial payments on specific due dates until the outstanding balance is paid in full.

If you wish to complete the payment in full you can before the due dates. Full balances must be paid in full before the start of the event to be checked in.

10. How are the training teams set up?

Teams are set up by age. During the week, the coaches will move any players they feel would be a better fit in another team. This decision is exclusively the coaches.

11. How long are the training sessions?

European methodology sets a maximum of three hours per day of training to not overexert the children. Coaches will adapt the intensity of the trainings during that period.

12. May relatives watch the training sessions?

Due to the tight security at the training facilities, all trainings are closed off except the designated Relatives Day. For this session, we will organize transportation and logistics for relatives to attend the training.

13. Do you provide official match tickets?

We do not. Due to the number of players and relatives attending the clinic, we cannot obtain any access to game day tickets. We recommend you purchase them online via official selling points before your arrival. If there are any matches during the duration of the clinic we will accommodate the schedule to allow players to attend.
